

The Wrangler Review

March 2024

Howdy Y'all!

This issue brought to you by disrupted sleep and cold brew coffee.

It's been a few months since a newsletter has come out, but that hasn't kept us from having a fun winter Wrangler gathering, starting a Facebook group, or planning some exciting events. If you aren't already a member of the FBC Wranglers Facebook group, be sure to email or grab me in the FBC halls on Sunday morning or Wednesday night to get an invite. The most up-to-date information about Wrangler family activities can be found there.

Coming Soon

Events for families with littles

Meet One of Our Families

The Barrett Family

The Barrett Family is Allison, Dustin, and Hank (who turns 4 this month- Happy Birthday, Hank!). Allison likes gardening, baking, and planning family activities while working 24/7 as a stay-at-home mom. Dustin is a Physician's Assistant at the CVA Heart Institute. He enjoys 3D printing, playing bluegrass music, and woodworking. Hank enjoys tractors, ALL things relating to trains, Bluey, soccer, swimming, and a GOOD cheese quesadilla. The Barretts like to stay active and can be found hiking or taking their dogs Lola and Cooper for neighborhood walks, and they LOVE Tennessee football.

Hank can sneaky and sometimes escapes from afternoon quiet time to enjoy an ice cream sandwich from the freezer. Allison reports that its easy to tell what he's been up to by the chocolate on his face but that he does clean up after himself!

Resource of the Month

"I'm Glad for What I Have" is a great book by Rachel Cruze that teaches children about God's love being more important than material things. It is a beloved favorite of the Barrett family.
